PNEUMATIC GLASS BOTTLE SODA FILLING MACHINE

SINGLE STAGE WASHING

About Us

Established in the year **1998**, we, “**Akshay Industries**”, have been successful as one of the leading **manufacturers** in the industry. Our company specialized in manufacturing qualitative range of Soda Making Machines of different capacities. Moreover, we are also engaged in offering services for the same.

Being the pioneer in the manufacturer of Pneumatic Soda Making Machines in Coimbatore, we ensure that the products offered by us are gently tested on various parameters and are in compliance with the international standards. The various parameters on which the range is tested are corrosion resistance, resistant to water & dust, durability, strength, and dimensional accuracy. Furthermore, we offer the products at cost-effective rates and also on a set time frame.

The range of products is fabricated using fine quality material. Our wide range includes Semi Automatic Soda Making Machine, Jumbo Carbonator, Motorized Stirrer, Brushing Unit, Six Stage Washing Machine, U.V. Filter, Two Stage Washing Machine, Sand Water Filter, Pneumatic Crowner, Pneumatic Pet Bottle Machine and Reverse Osmosis Plant. In addition to the standard variants, we also offer our products as per clients' specifications as well as requirements.

Apart from the above-mentioned machines, we are also specialized in Pneumatic Soda Making Machine spare parts as well as render services for these machines.

We have employed a team of...
